## Nordic Glider Aerobatic Championships 2008

### 1. Welcome!

It is our pleasure to welcome you all to the Nordic Glider Aerobatic Championships in Sportsman and Intermediate at Starmoen and Elverum from September 4.th to 7.th 2008. The Championship also includes the Open Norwegian Nationals in Basic and Sportsman

This is the first time holding the NGAC at Starmoen. Having organized a number of large competitions in cross-country gliding, including the WGC2004 club class, we think that our airfield is well prepared and offers the full range of new infrastructure required for this championship. We hope you will find our huge grass airfield, large briefinghangars and social facilities satisfactory.

Our goals for the NGAC 2008 are:

- To select the Nordic Glider Aerobatic Champion
- To promote gliding aerobatics in the national organisation, to glider pilots and to the local public and spectators.
- To hold a safe, friendly, high quality and challenging competition
- To foster friendship among the pilots and crew and to create bonds of friendship within the Nordic gliding community
- And last but not least – To have fun!

Our team is enthusiastically preparing for, and looking forward to the Nordic Gliding Aerobatic Championships 2008 at Starmoen, Elverum.

Kind regards

John Eirik Laupsa  
Competition Director

Tom Erik Hole  
Chairman of Gliding Section  
Norwegian Air Sports Federation
